Introducing the ultimate gaming controller that's ready to take your gaming to the next level. This versatile controller is designed to work seamlessly with a range of platforms, making it your go-to choice for gaming adventures.

Multi-Platform Mastery - Compatible with Nintendo Switch™ and the exciting Switch™ OLED. Also compatible with PS3®, PC, and mobile devices running Android.

Wireless Freedom - Experience untethered gaming with wireless Bluetooth® connectivity.

Personalized Gaming Experience - Customize your controller with bright and dynamic RGB lights that can match your style and mood.

Immersive Action - Built-in dual motors ensure you feel every thrill, bump, and explosion.

Enhanced Control

- Program your back buttons for quick and precise actions.
- Gain an edge with the turbo function for rapid-fire gameplay.
- Use motion control and a six-axis sensor (gyro) for precision aiming and movement.

Long-Lasting Power - With an 800mAh battery, you can enjoy hours of uninterrupted gaming.

Easy Charging and Audio

- Charge with ease using the included 2-meter Type-C charging cable.
- Plug and play with the 3.5 mm audio headset port (audio function works only in wired mode).

Step into a world of gaming where performance meets customization. Get ready to take on your favourite games like never before. Your gaming journey starts here.

- **Wireless Freedom** - Connect via Bluetooth for untethered gaming.
- **Customized RGB Lights** - Personalize your controller with vibrant RGB lights.
- **Dual Motor Immersion** - Built-in dual motors provide immersive feedback.
- **Custom Controls** - Program back buttons for tailored gameplay.
- **Turbo Boost** - Activate the turbo function for lightning-fast actions.
- **Precision Motion Control** - Experience precision with motion control and a six-AXIS sensor (GYRO).
- **Extended Playtime** - An 800mAh battery ensures long-lasting gaming sessions.
- **Convenient Charging** - The included 2-meter Type-C cable makes charging a breeze.
- **Audio Ready** - With a 3.5mm audio headset port, audio is plug-and-play (wired mode only).
