Packing content
1x KSK-6031INEL, 1x Manual

Writing under hygienic conditions

The KSK-6031INEL is waterproof according to IP68 and can even be immersed in liquids. With the ON/OFF key, the keyboard can be switched off at any time for hygienic cleaning purposes without removing the cable from the host computer. The backlighting ensures excellent key recognition, even in darkened rooms.

ICY BOX **KSK-6031INEL**
Compact hygienic industry keyboard for Windows®

Brings light into the darkness

With the backlighting, adjustable in 5 levels and glowing in a pleasant blue, the keys are always clearly visible. The keyboard can therefore also be used excellently at darkened workplaces. Alternatively, the lighting can be switched off completely.

Hygienically clean

The KSK-6031INEL can be cleaned with water, with all common cleaning agents as well as disinfectants and alcohol. With the ON/OFF button, the keyboard doesn't even need to be removed from the host computer for this purpose.

Dust and waterproof

The KSK-6031INEL is 100% waterproof and meets the IP68 specification. The silicone cover is carefully processed and seals the keyboard effectively. A comfortable typing experience and a good haptic are nevertheless ensured.
