CALADO Silent Mouse - Wireless USB, rubber-black

The wireless CALADO Silent Mouse lets you work in whisper-quiet comfort at your PC so you can keep calm in the hectic office environment. The advanced button technology effectively eliminates the noise you make when using the mouse: clicks are almost completely silent and those around you will no longer feel disturbed as it's up to 90% quieter than a standard mouse. Thanks to its nice and compact shape combined with its premium, non-slip rubber coating, the CALADO Silent Mouse is designed to fit the shape of your right hand perfectly – all while offering precise and fluid tracking thanks to its sensor resolution of up to 1,600dpi. What's more, its robust wireless technology offers you up to 10 metres of wireless freedom.

Features

- Wireless five-button mouse
- 2.4GHz wireless technology for a range of up to 10m
