## ICY BOX IB-AC6401 4 Port USB 3.0 Hub

### Four times more - than before!

This stylish aluminum hub turns a USB 3.0 port into a 4 lane highway - USB devices or even an external hard drive can be easily connected. An additional connection for a 5 V power supply allows the use of any amount of power hungry devices (power adapter not included).

### Well-known and still new

Like all our hubs the IB-6401 has the Plug & Play and Hot Swap ability. These enable the driver-free installation of the device and the rapid replacement of the devices during operation.

### One of the highlights - fast and light

The USB 3.0 Super Speed port allows for a data transfer rate of up to 5 Gbit/s. The LED gives you information about the status of the hub and therefore whether it gets enough power.
