System requirements	Bluetooth®

KEYSONIC **KSK-5020BT-S** Bluetooth® mini keyboard

A real eye-catcher

The KSK-5020BT-S keyboard not only impresses with its functionality, but also with its high-quality, slim aluminium design. In stylish silver-white and with trendy honeycomb keys, the keyboard gives every workplace a noble and sophisticated impression.

Entertainment made easy

The multimedia keys put you in full control: whether you're watching videos or listening to music, the KSK-5020BT-S makes it a child's play to control them. And not only is it easy to control audio and video playback, but you also effortlessly control some office commands.

Supports three operating systems

The KSK-5020BT-S is designed to work with Windows®, iOS® and Android™ with virtually no operating system restrictions. With this versatility, you can switch between different devices and systems at the touch of a button, wirelessly and with maximum compatibility.
