KSKM-5200M-RF

KEYSONIC **KSKM-5200M-RF** Wireless Mini Keyboard & Mouse Set for Windows®

Ideal for mobile devices or small work surfaces

A keyboard and mouse are often an advantage for effectively and comfortably navigating through the digital world. Especially on tablets and smartphones, but also when using mini PCs in cramped workplaces, the KSKM-5200M-RF set significantly increases typing comfort and also exudes colourful accents.

Round, ergonomic, individual

Rubber dome key technology ensures excellent keystroke feedback. The round key shape fits perfectly to the fingertips and reduces the risk of incorrect input, and the DPI button allows the mouse to be individually adjusted to your own working speed.

Dare more - with the stylish multicolour design

Colourful is the way to go in everyday life. The KSKM-5200M-RF skilfully enhances every workplace with colourful accents and cheerfully promotes creativity without sacrificing flexibility. The wireless design creates tidiness without a tangle of cables.
