Packing content
1x IB-CB020-C, 1x quick installation guide

# Type-C® and Video

The USB interface is the established standard for PC hardware and the current USB 3.1 Type-C<sup>®</sup> connection brings some surprises. So this adapter can easily connect a notebook or PC with Type-C<sup>®</sup> to a TV, monitor or projector with HDMI<sup>®</sup> connection.

### ICY BOX IB-CB020-C USB Type-C® to HDMI® cable

# 4k video stream

Enjoy all the advantages 4k has to offer. Rich colours, clear contrasts and high resolution let you immerse yourself in every content displayed. The easy handling is ensured by the reversible USB Type-C® plug and the well-known HDMI® connection.

### Quality inside & outside

Not only the technical ability of the IB-CB020-C is convincing. The bodies of the HDMI® and USB Type-C® connector are made of high-grade aluminium and therefore not only look elegant but also provide the corresponding stability.

# A long cable

With the 1.80 m cable length of the IB-CB020-C, everyday distances can be mastered without any problems. The playback quality does not suffer at all. This makes clusters of devices due to too short cables a thing of the past.
