

ICY BOX IB-246-C31-G

USB 3.2 (Gen 2) Type-C® enclosure for 2.5" SSD

Key features

- External USB 3.2 (Gen 2) Type-C® enclosure for 2.5" SSD
- Toolless installation
- Silicone sleeve protects device and data
- Data transfer rate up to 10 Gbit/s
- USB 3.2 (Gen 2) Type-C® to Type-C® cable
- Enclosure made of high-quality aluminium for SSDs with a height of up to 9.5 mm
- For Windows®, macOS®

Packing content

1x IB-246-C31-G, 1x Rubber sleeve, 1x USB Type-C® to Type-C® cable, 1x EVA inlay, 1x Manual

A good travel companion

A USB 3.2 (Gen 2) enclosure for 2.5" SATA SSDs and HDDs with a height of up to 9.5 mm can be installed here safely and completely without tools. The additional silicone cover protects against damage in the event of a fall. The installed storage is therefore ideally protected and can travel safely in your luggage. The USB Type-C connection ensures transfer rates of up to 10 Gbit/s and thus super fast data exchange. At the same time, the case is backwards compatible with USB 3.0 and USB 2.0.

Technical data

Model	IB-246-C31-G
Article no.	60894
EAN code	4250078172284
Colour	Grey
Material	Aluminium
Interface to host computer	USB 3.2 (Gen 2)
Transfer rate	Up to 10 Gbit/s
USB cable	USB Type-C® to USB Type-C®
Length of cable	58 cm
HDD size	2.5"
HDD height	Up to 9.5 mm
HDD interface	SATA I,II,III (6 Gbit/s)
HDD capacity	Unlimited

UASP support

USB powered

Operating system

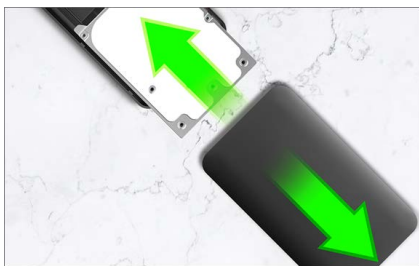

Windows®, macOS®

System requirements

One free USB 3.2 (Gen 2) Type-C® port on your host computer. Backwards compatible with USB 3.0/2.0. Note that the full data transfer rate of up to 10 Gbit/s can only be achieved on a USB 3.2 (Gen 2) port.

ICY BOX **IB-246-C31-G** USB 3.2 (Gen 2) Type-C® enclosure for 2.5" SSD

100% toolless

The IB-246-C31-G is an aluminium enclosure into which a 2.5" SATA hard disk can be installed. No tools at all are needed to install the SSD, which makes it quick and easy to do anywhere. SSDs or HDDs with a height of up to 9.5 mm can be installed.

Well protected

A silicone sleeve can optionally be placed around the enclosure. This not only provides a non-slip grip, but also protects the installed hard drive from possible damage in the event of a fall. The silicone sleeve and a USB Type-C cable are included in the scope of delivery.

High throughput

With USB 3.2 (Gen 2), a data speed of up to 10 Gbit/s is available via the USB Type-C connection. This means you can transfer your data from your SATA III SSD at around 550 MB/s. To put this into words: this is roughly equivalent to copying 140 holiday pictures in just one second.

Logistical data

Packing unit: 40 pcs. / carton
Total weight: 10.30 kg
Gross weight (with packing): 0.24 kg
Net weight: 0.09 kg

Dimension/carton: 460x370x240 mm
Dimension (with packing): 35x110x200 mm
Dimension of article: 132x78x16 mm
Country of origin: China
