 1x IB-AC6113, 1x USB 3.0 cable Type A to B,  
 1x wall power supply, 4x rubber feet 1x hook-and-loop fastener,  
 1x quick installation guide

## Sometimes a dozen is not enough

Everybody knows how it feels when there is no free USB port. This is where the ICY BOX IB-AC6110 comes in handy. The USB hub creates 13 additional ports and is therefore fitting for home as well as professional use. This is due to the fact that this hubs enclosure is made of robust aluminium, which is not easily impaired.

USB 3.0 has a bandwidth of up to 5 GBit/second. With the help of the ICY BOX IB-AC6110 this can be utilized 13 times. USB 3.0 is downwards compatible, so even older USB 2.0 devices (with USB 2.0 speed) can still be used. The USB charging port (5 V / 2.1 A) applies to the new battery charging specification BC 1.2 and proves a comfortable possibility to charge smartphones, tablets, digital cameras and rechargeable batteries (Powerbanks).

### Technical data

<b>Model</b>	IB-AC6113
<b>Article no.</b>	70420
<b>EAN code</b>	4250078160601
<b>Brand</b>	ICY BOX
<b>Colour</b>	Black
<b>Material</b>	Aluminium
<b>Data interface</b>	14x USB 3.0 Type A, 1x USB 3.0 Typ B

<b>Transfer rate</b>	Up to 5 Gbit/s
<b>HotSwap</b>	Yes

## Active 13-Port USB 3.0 Hub in solid aluminum enclosure

### Thirteen ports...superstitious?

Having 13 extra USB 3.0 ports at your disposal should atone for all superstition. Just in case, we added a fast charging port to dissipate all ill connotations. No more compensating one device for the other. Having so many free ports is of course not only useful at work in the office, but very handy for the PC at home too.

### Fast charging port

In order to be able to additionally charge smartphones, tablets and batteries, this hub is equipped with a fast charging port. The port provides 2.1 amps rather than the normal 0.9 amps provided by a normal USB 3.0 port.

### Real friendly

This device is very user friendly thanks to the use of aluminium which is light and very good in heat dissipation and the additional On/Off button. It provides silent cooling and therefore protects the mobile devices. It can be turned off, which is a good thing for the environment and the wallet.
