ICY BOX **IB-CAM502-HD**
Full HD webcam with remote control

Webcam with remote control

A webcam with remote control is ideal for use in lecture halls, classrooms and for larger video conferences with several people. It can be controlled at the touch of a button to bring different people into view or easily display information on a whiteboard.

Adjustable thanks to AI and more

The IB-CAM502-HD fits almost any monitor thanks to variable joints. The rubber contact surfaces provide a secure grip without damaging the surface. The optional AI auto-tracking function keeps you in focus even during lively presentations with a room-filling presence.

Always in the picture

The HD camera delivers up to 1080p resolution and 30 frames/sec. Intelligent object tracking and up to 350° rotation bring a high level of comfort to video presentations. The sophisticated Wide Dynamic Range (WDR) function ensures a balanced representation of particularly bright and dark areas of the environment.

Logistical data

Packing unit:	30 pcs./carton	**Dimension/Carton:**	300x380x390 mm
Total weight:	10.44 kg	**Dimension** (with packing)**:**	72x118x130 mm
Gross weight: (with packing)**:**	0.320 kg	**Dimension of article:**	65x65x90 mm
Net weight:	0.183 kg	**Country of Origin:**	China
