ICY BOX **IB-HUB1430-CR**
USB 3.2 Gen 1 multiport in-desk hub

Interface versatility

The most popular ports are present in this little round: The conventional USB Type-A as well as the newer USB Type-C® ports are a must! The most common card formats SD and microSD are embedded here, as well as connections for headphones or headset. And if you need a table fan close by on hot summer days, it can be conveniently connected via the standard household EU socket.

Fits perfectly

All tabletop thicknesses up to 45 mm are perfectly suited for the installation of this in-desk hub. In case of a narrower table top, simply tighten the corresponding fastening ring under the table via the thread until the hub fits perfectly and no longer wobbles. If your piece of furniture does not already have an 80 mm hole from the manufacturer side, you can decide for yourself where to drill the hole.

The ultimate order

Enjoy the elegance and tidiness on your desk with the variety of connections within reach that this hub offers. And at the end of the day, use the matching protective cap to shield all connections from dust.

Logistical data

Packing unit:	20 pcs. / carton	**Dimension/carton:**	610x495x270 mm
Total weight:	14.68 kg	**Dimension** (with packing)**:**	115x115x220 mm
Gross weight: (with packing)**:**	0.665 kg	**Dimension of article:**	80x80x55 mm
Net weight:	0.435 kg	**Country of origin:**	China
