### Aesthetic RGB lighting

The enclosure is more than just an SSD enclosure, it's where high-speed storage meets your RGB obsession. Designed with a built-in RGB light that kicks in the moment you power up, this enclosure doesn't just store data, it lights up your desk with style. It's perfect for anyone who wants their gear to look as good as it performs. Whether you're upgrading your storage solution, backing up files, or transferring media, it combines speed, style, and compatibility in one sleek package.

### M.2 NVMe & SATA

Manage to set up for your multiple storage projects. Built to accommodate both M.2 SATA and NVMe SSDs, this enclosure supports the most widely used form factors: 2230, 2242, 2260, and 2280. With one enclosure, you can easily switch between drives without needing additional housings.

### High-Speed USB Type-C®

This enclosure features a USB 3.2 Gen 2 Type-C® interface that supports fast transfer speeds of up to 10 Gbps, suitable for raw video, large photo collections, and project data. It maintains optimal NVMe SSD performance during intensive workflows. A USB-C to USB-C cable with a built-in USB-A adapter is included, ensuring smooth connection across a broad range of devices.
